Kutcho Copper Retains Mr. Angus Christie as Senior Manager of Engineering

Vancouver, B.C., January 17, 2018. Kutcho Copper Corp. (TSXV: KC) (“Kutcho Copper” or the “Company”) is pleased to announce it has retained the engineering and project management services of Angus Christie to provide project oversight through the Feasibility process for the Kutcho high grade copper-zinc development project.

Angus Christie BSc (Hons) (Engineering Geology), MSc, PhD (Geology), GDE (Mining Engineering) Mr. Christie has over 30 years of experience in mine project development, resource and reserve estimation, mining, mineral beneficiation, water and waste management, environmental management and financial evaluation of mining projects. Mr. Christie was employed by Anglo American for 23 years which included roles as Mine Geologist, Resource Manager and Divisional Technical Manager in South Africa, Colombia and Canada. Following this he was appointed Chief Operating Officer of Cardero Coal Ltd. in 2012. Between 2013 and 2016 Mr. Christie was employed by JDS Engineering & Mining as a Project Manager where he successfully completed the positive feasibility studies for Sabina Gold & Silver Corp.’s Back River Project (Nunavut) and Kaminak Gold Corp.’s Coffee Project (Yukon).

As the Senior Manager of Engineering, Mr. Christie will provide the oversight towards the completion of Kutcho Copper’s Feasibility Study. Furthermore, Mr. Christie’s breadth of experience over a broad range of engineering disciplines will be key in helping determine the optimized path for extracting the maximum value out of the deposits at Kutcho while maintaining the highest level of engineering, mining, and waste management solutions for the project.

“With the recent addition of Mr. Len Holland and now Mr. Christie, we have a full technical team of the highest level to bring Kutcho through the Feasibility process,” commented Mr. Vince Sorace, President and CEO of Kutcho Copper Corp. “We are privileged that Mr. Christie has joined the Kutcho team and recognize his positive impact on the successful outcomes of similar efforts at Kaminak Gold Corp.’s Coffee Project and Sabina Silver & Gold Corp.’s Back River Project.”

About Kutcho Copper Corp.

Kutcho Copper Corp. is a Canadian resource development company focused on expanding and developing the Kutcho high grade copper-zinc project in northern British Columbia. Committed to social responsibility and the highest environmental standards, the Company will progress the Kutcho Project through feasibility and permitting to a positive construction decision.

Cautionary Note Regarding Forward-Looking Statements

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

This news release contains certain statements that may be deemed “forward-looking statements” with respect to the Company within the meaning of applicable securities laws, including statements with respect to the Company’s future operational plans, estimated mineral resources and mineral reserves, the timing and amount of estimated production, costs of production, capital expenditures, commodity price assumptions, the Company’s ability to successfully obtain all regulatory approvals and permits to commence and conduct mining operations, environmental risks and title challenges. Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words “expects”, “plans”, “anticipates”, “believes”, “intends”, “estimates”, “projects”, “potential” and similar expressions, or that events or conditions “will”, “would”, “may”, “could” or “should” occur. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance, are subject to risks and uncertainties, and actual results or realities may differ materially from those in the forward-looking statements. Such material risks and uncertainties include, but are not limited to, the Company’s ability to obtain all requisite approvals, including approval of the TSX Venture Exchange and securities regulatory authorities, if required for a transaction or financing, the Company’s ability to raise sufficient capital to fund its obligations under its property agreements going forward, to maintain its mineral tenures and concessions in good standing, to explore and develop the Kutcho project or its other projects, to repay its debt and for general working capital purposes; changes in economic conditions or financial markets; the inherent hazards associated with mineral exploration, and mining operations, future prices of copper and other metals, changes in general economic conditions, accuracy of mineral resource and reserve estimates, the ability of the Company to obtain the necessary permits and consents required to explore, drill and develop the Kutcho project and if obtained, to obtain such permits and consents in a timely fashion relative to the Company’s plans and business objectives for the projects; the general ability of the Company to monetize its mineral resources; and changes in environmental and other laws or regulations that could have an impact on the Company’s operations, compliance with environmental laws and regulations, aboriginal title claims and rights to consultation and accommodation, dependence on key management personnel and general competition in the mining industry. Forward-looking statements are based on the reasonable beliefs, estimates and opinions of the Company’s management on the date the statements are made. Except as required by law, the Company undertakes no obligation to update these forward-looking statements in the event that management’s beliefs, estimates or opinions, or other factors, should change.
